

Appendix 9.6 2013 Breeding Bird Survey Data

2013 Breeding Bird Surveys

25.04.13

weather conditions: 6-10 degrees celsius, recent rain

Blackcap	off-site, 1x on-site
Blue Tit	1x pair, probable breeding
Buzzard	
Chaffinch	4x singing/territories, probable breeding
Dunnock	possible breeding
Goldfinch	1x pair offsite, possible breeding
Great Tit	1x pair, probable breeding
Hooded Crow	possible breeding
Jackdaw	50+ mainly around quarry edge, possible breeding on-site
Linnet	
Magpie	3x pairs, probable breeding on-site
Mallard	possible breeding
Pied Wagtail	2x pairs, probable breeding
Raven	pair breeding on quarry face
Reed Bunting	possible breeding, scrub south of pond P9
Robin	
Song Thrush	3x singing off-site, probable breeding on-site
Starling	1x pair, probable breeding
Stock Dove	1x pair, probable breeding
Swallow	breeding on-site within delapidated farm building (B1)
Wheatear	7x on passage
Whitethroat	
Willow Warbler	7x singing/territory, mainly within scrub south of pond P9
Woodpigeon	possible breeding

30.05.13

weather conditions: 14 degrees celsius, partly cloudy

Blackbird	1x pair, 1x singing/territory, probable breeding
Blue Tit	
Buzzard	
Chaffinch	4x singing/territories, probable breeding
Dunnock	
Goldfinch	probable breeder
Herring Gull	
Hooded Crow	1x pair, probable breeding
House Martin	1x pair, possible breeding
Jackdaw	10+ around quarry edge, 1x pair, probable breeding
Linnet	2x pairs, probable breeding
Magpie	
Mallard	1x pair, possible breeding
Moorhen	single pair breeding in pond P9
Pied Wagtail	
Raven	3x juvenile around quarry edge
Reed Bunting	1x singing, 1x pair, probable breeding
Ringed Plover	1x pair quarry floor, possible breeding
Robin	3x singing/territory, probable breeding
Sedge Warbler	2x single/territories, probable breeding
Starling	single pair breeding on quarry face
Stock Dove	1x pair, possible breeding
Swallow	
Swift	
Whitethroat	
Willow Warbler	6x single/territories, probable breeding

10.07.13

weather conditions: 20 degrees celsius, sunny

Blackbird	1x singing/territory, possible breeding
Blackcap	1x singing/territory along Boghill Road
Black-headed Gull	off-site close to Boghill Road
Chaffinch	1x singing/territory, possible breeding
Chiffchaff	1x pair, possible breeding
Coal Tit	along Boghill Road
Dipper	off-site, along stream S1
Duncock	1x singing/territory off-site
Goldfinch	
Great Tit	along Boghill Road
Hooded Crow	along Boghill Road
House Martin	20+, mainly around quarry edge
House Sparrow	along Boghill Road
Jackdaw	10+ around quarry edge
Linnet	
Magpie	off-site
Mistle Thrush	1x pair off-site close to Boghill Road
Meadow Pipit	1x pair, possible breeding within acid grassland around ponds P1/P2
Moorhen	pond P9
Peregrine Falcon	1x on pylon on eastern edge of quarry
Pied Wagtail	
Reed Bunting	
Robin	1x singing/territory, possible breeding
Sedge Warbler	
Starling	20+
Swallow	around quarry edge
Swift	off-site
Whitethroat	along Boghill Road
Willow Warbler	2x pairs, probable breeding
Woodpigeon
